~DefaultBrowserStreamHandler

```
bool FB::DefaultBrowserStreamHandler::onStreamDataArrived (FB::StreamDataArrivedEvent * evt, FB::BrowserStream * stream)
```

Called when data arrives.

Author
Matthias

Reimplemented in [FB::SimpleStreamHelper](#).

Definition at line 59 of file [DefaultBrowserStreamHandler.cpp](#).

```
60 {  
61     // process data  
62     return false;  
63 }
```
